supplies:

- watch face
- Beyond Beautiful bead strand
- crimp beads
- lobster clasp
- 7mm jump rings
- beading wire
- needle nose pliers
- wire cutter

Directions:

*Decide if you'd like the clasp for your watch to be in the middle or at the end of your strand of beads (both ways are pictured above.)

Middle Clasp:

1. Cut two 6" long strands of wire. Connect one of the strands to top loop of watch face using a crimp bead.
2. String beads on, using the order the beads were in when you bought the Beyond Beautiful strand of beads, or create your own pattern.
3. Then connect your jump ring to the end of your bead strand using another crimp bead.
4. Connect the other strand of wire to the bottom loop of the watch face.
5. String beads onto strand of wire. Add clasp to end & secure with crimp bead.

End Clasp:

1. Connect your jump rings to the top & bottom of your watch face.
2. Cut one 9" long strand of wire and connect it to the jump ring at the top of your watch face using a crimp bead.
3. String on beads on, using the order the beads were in when you bought the Beyond Beautiful strand of beads, or create your own pattern.
4. Connect your lobster clasp to the very end using another crimp bead.
